For the system to operate accurately you need to complete some user data fields. This process should not take more than 5 min.

➢ Launch the application using the Purple Globe in your system tray and "Access Self Service".

➢ Complete the blocks required by the system. Look at the following screen shots for more detailed information.

➢ If you are interested in using the free AtHoc Notifier app, download it to your iOS or Android device and follow the registration instructions.

For those using the AtHoc Notifier App, you need to input the "Organization Code", which is "**USA-LEAVEN**".

Username is your CAC ID number, populate your data as appropriate

In the **Organizational Hierarchy**, you'll need to select your organization so you receive the correct messages.

Residence data field may be used to target messages only to those who live on the installation, live in the Leavenworth/Lansing city limits, or only those that live outside of Leavenworth/ Lansing for a phased release. Select from the drop down list.

Work Building Number may be used to target a specific building with information. Select your primary work building.

Telephony Devices
Your telephone devices. Your work number is required.
Without home and/or mobile numbers you will not receive any closure notifications or other important notifications.

Data Devices
Work e-mail is required.
Your home / text messaging numbers will allow you to also receive closure, or delay information.

The Mobile Notifier App will self populate if you install the AtHoc Notifier on your cell phone.

Work Address
Select the Edit Button

Edit Location

Type in your street address in the box, the map will then show your location.

Select the "Hybrid" view. The symbol will show your location.

You can "fine-tune" the location by moving the symbol on the map.

This process enables the system to issue alerts based on map inputs. i.e. a tornado watch box can be drawn on the alert. The alert can be set to only notify those who work inside that box.

This will also work if you edit and add your home address.

Last Known Location
This only works if you install the ATHoc Notifier app on your cell phone and only if you have "locations" on your cell phone turned on.

STUDENTS

If you are a military student at Fort Leavenworth, please select your class information. You will be automatically removed within 30 days after you leave.

This is a sample desktop popup that we'll now be able to receive at Fort Leavenworth.
